

foxin

for extraordinary individuals

What Makes You Extraordinary?

PRODUCT CATALOGUE

March 2026

Dear Patron,

It gives us immense pride and gratitude to share the story of **Foxin** – a brand born out of belief, built on trust, and driven by an unwavering pursuit of excellence. Our vision has been simple yet powerful: to make **Foxin** a name that every Indian recognizes and relies upon when they think of quality peripherals.

What began as a humble dream has today evolved into a movement – one that unites innovation, performance, and design under a single purpose: to create technology **For Extraordinary Individuals**. Over the years, we've grown from strength to strength, expanding our presence across India with a comprehensive range of products that includes IT peripherals, computer accessories, mobile accessories, and power solutions. Each product is crafted with precision, tested for durability, and designed to deliver value far beyond expectation.

But our journey has never been just about technology. It has always been about people – our customers who place their trust in us, our dealers and distributors who carry our vision forward, and our team who works tirelessly to bring extraordinary ideas to life. Your continued support inspires us to dream bigger, create better, and keep moving forward. Together, we've built more than a brand; we've built a bond rooted in reliability, consistency, and progress.

As Foxin continues to grow, our commitment remains steadfast – to innovate responsibly, serve with integrity, and uphold the values that have defined us from day one. We take immense pride in offering not only exceptional products but also exceptional experiences. Our strong service network and dedicated after-sales support are a reflection of our promise to stand by every Foxin customer.

At Foxin, we remain guided by the same spirit that started it all – a belief that extraordinary is not just what we make, it's who we make it for.

Together, let's build a future where extraordinary technology meets extraordinary individuals – powered by extraordinary patrons like you.

Warm regards and heartfelt gratitude,

Rajendra Seksaria
Founder & Managing Director
