E-Waste Management Policy

Balaji Solutions Limited and its registered brand **Foxin** are committed to environmental responsibility and sustainable practices. To ensure proper disposal of end-of-life electronic products, we have partnered with several Government Authorized Recyclers and appointed M/s Hulladek as our official E-waste Disposal Facilitator and Coordinator.

How to Dispose of Your Old Product:

If you wish to dispose of an old or end-of-life product:

Call our E-Waste Facilitation Toll-Free Number: 1800 212 7880

Our representative will:

- Guide you through the safe and proper disposal process.
- Inform you about any incentives available for handing over your old product.

DO's – What You Should Do:

- Ensure your end-of-life electronics are handled only by Authorized Recyclers.
- Always call Authorized E-Waste Collection Centres/Points for proper disposal.
- Drop used electronic items, batteries, or accessories at the nearest Authorized Collection Point.
- Disconnect batteries from devices and protect any glass surfaces to avoid breakage.

DON'Ts – What You Should Avoid:

- Do not dismantle your electronic products yourself.
- Do not dispose of e-waste in bins marked with a “Do Not Dispose” sign.
- Do not hand over your e-waste to unauthorized local scrap dealers or rag pickers.
